PROFESSIONAL SUMMARY

Flutter Developer with solid experience in building and publishing cross-platform applications for Android, iOS, Web, and Desktop. Proficient in Flutter, Dart, Firebase, REST APIs, Google services, WebSocket, and Socket.IO integrations. Skilled in real-time features including chat systems (Firestore/Realtime Database, WebSocket, Socket.IO), Push Notifications (FCM), and secure payment gateway integrations. Experienced in integrating diverse 3rd-party APIs, Git-based version control, team collaboration, Agile/Scrum workflows, and CI/CD deployment. Successfully published applications on Google Play Store and Apple App Store, and deployed production web applications using cPanel. Strong knowledge of clean architecture, GetX state management, responsive UI/UX development, and performance optimization. Dedicated to delivering scalable, secure, and user-focused applications aligned with business goals.
